

CROWLER & GROWLER STATION

Spec's That Make a Difference:

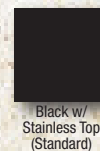

- Automated Counter Pressure Crowler & Growler Filler
- Air-Cooled Tap Tower with Extra Large Blower
- One Secondary Gas Regulator per each Beer Line, helps control foaming
- All metal parts that touch beverages are 304 Stainless Steel, including all Keg Couplers, Taps, and Shanks
- Commercial Refrigeration
- Crowler Sealer Sold Separately

Counter Pressure Filling:

- 98% Keg Yield
- 30-45 Day Shelf Life for Crowlers and Growlers

AVAILABLE FINISHES

REFRIGERATION

Refrigeration Units Conform to UL and NSF-7 Standards

Item Numbers: GSE-95-12CS1 - Black/Stainless (or) GSE-95S-12CS1 - Stainless/Stainless
Description: (10) Beer Selections, (1) Stainless Steel Faucet Tower, (1) CraftTap Smart Automated Counter Pressure Growler Filler, (1) CraftPad 6+1 & (1) 4+1 Beer Selector Manifold's Direct Drive Crowler Can Seamer

Keg Capacity: (2) Half barrel kegs & (8) Sixth barrel kegs

Dispense Equipment Specifications:

- Growler Fillers -** Pegas CraftTap Smart automated growler filler & Pegas CraftPad manifolds
 Power Input: 110v, 1.4A / Gas: CO₂ / Pressure: 13-15 PSI
- Towers & Faucets-** (1) Air cooled custom Tombstone Tower with Integrated CraftPad Manifolds
 (10) 304 stainless steel beer faucets, shanks, and tail pieces
 (1) Built-in 8"D x 3/4"H stainless-steel drip tray with drain

Refrigeration & Internal Components Specifications:

- Refrigeration:** Growler Station GSBB-95 with casters (Manf. by Fagor Commercial) (or) Fagor FBB-95-N
Blower: 60 CFM Blower assembly and hose for circulation of cold air to the faucet towers
Gas Regulators: (1) Taprite secondary regulator 1Px1P, 60lb.
 (2) 5-Product 5-Pressure ganged regulators
- Gas & Beer Lines:** NSF and Brewery approved clear vinyl beverage hose rated to 50 PSI
 NSF and Brewery approved red vinyl gas hose rated to 50 PSI
- Couplers:** (10) Sankey "D" style couplers, black
Internal Drain: Self-contained, liquid-tight, PVC internal drain system with drain bottle
Power Cords: (1) 110v Standard US Plug on dedicated circuit recommended for refrigeration

Can Seamer Machines:

- Can Seamer Options-**
- All American Direct Drive 32oz and 25.4oz can seamer
 - All American Clutch Drive 32oz and 25.4oz can seamer
